

# Low Sec - Gymnastics

## Scaffold Learning

### Activity

While working on the unit of study (Game/Sports), students are to use the given template to capture and demonstrate their understanding of the basic gymnastic stretches.

Students will first capture the images/photos required, then use the drawing tools to label the key routines.

---

### Objectives

- Students can perform various stretches/rolls and routines.
- Students can identify essential elements of multiple tasks/roles, stay focused on them and persevere when difficulties and unexpected challenges are encountered (CIT3).
- Students can explain information and ideas coherently for specific purpose (ICS1).

---

### Extensions

- Students are to design own slide rather than use the template given by the teachers.
- Design large scale poster of gymnastic routines for printing.
