

# Summarise Learning - Narrative Clips

## Activity

After reading the paragraph and photos provided, students are to manipulate the pictures using the filter function. Add a caption for each of the new moods.

Teacher to facilitate discussion on “interesting characters that are memorable and believable”, and how visual and auditory cues can change the way an audience feels.

## Objectives

- Students can identify various elements of characterisation.
- Students can show understanding of how purposeful use of language and/or visuals, shapes the meaning of texts.

## Extensions

- Students can use clips to summarise their learning and create a short personal reflection on the topic learned.
- Teacher can pre-load a silent video for students to add voice recording and music – creating new narratives for the same video given.
