

# Social Studies - Performance Task

## Planning for Investigation

### Activity

Teacher is to share the assignment with the students via Classkick. In Classkick, students are to login according to the names of the groups they are given. Groups are first to define the investigation question. Students are to add their comments and understanding of the question. Next, students are to create a storyboard/plan of what they going to present and how they going to present their work back to the class.

### Objectives

- Students can apply to a new context the knowledge and skills learnt from studying an issue.
- Students can process the information gathered, create a product and communicate their findings through various forms of presentation.
- Students can reflect on their thinking and actions through asking questions.
- Student works in a respectful manner with others in a group setting. (CCI)

### Extensions

- This task can be set as an independent, pair or group work activity. Teachers can add supports to each of the Classkick slides as needed.
- Teacher can pre-set task templates to scaffold learning.
