

Pages

Create a template for students to design their tote bag recycled from T shirts

Activity

Before the reflections of page 6 in the activity book, students can design their tote bag upcycled from old T-shirts using an Apple Pencil to draw on a template in Pages.

Objectives

Students can show their creativity by designing their tote bag by drawing with an Apple Pencil

Extensions

Consider including a section for students to explain their design and its inspirations as part of their reflective practice

Have a go

- 1 Open Pages , select the Flyer template, edit the title to 'My Tote Bag Design'
- 2 Delete the image placeholder and Tap on ⊕, then  and search for 'bag' and add one 'bag'
- 3 Select the 'bag' and tap on , select 'Style' and tap on select 'Fill' as 'None' to create an outline of a bag to design on.
- 4 Resize the bag design outline and duplicate another shape. One for the front design and the other for the back design.
- 5 Edit the text in the red box to 'My Inspiration' and remove the text in the grey box.
