

# Recorder Fingering Technique

## Use Video As Reflection Tool

### Activity

Students are introduced to the recorder and how they can play notes on it. They are prompted to have good posture and to work on the fingering technique. To encourage students to develop an attitude of reflective learning, they will record their own playing and review areas that they can improve.

### Objectives

Students will be able to

- Play simple recorder tunes
- Reflect on his/ her behaviours and actions during his/ her learning experiences and determine the modifications required
- Work in a respectful manner with others in a group setting

### Extensions

Students can

- Share the videos with teacher to seek feedback
- Watch their friends' videos and offer feedback
- Perform in small groups – with some friends playing the recorder and others singing
- Evaluate their performance through a checklist

## Have a go

- 1 Open . Prop iPad in a location where it will make it possible to see yourself clearly. Select Video. Tap on  so that it faces you. Tap on  to start recording.
- 2 Tap  to stop recording. Tap on the square thumbnail and  to watch the video.
- 3 Tap on Edit to make modifications. You can tap on  and drag the edges to crop the video (maybe there was someone standing behind you and you don't want them in the video). Tap Done.
- 4 Tap on Edit. Tap on  or  and yellow box will appear. Drag it to trim the start or the end of the video. Tap Done and you can Save video as New Clip.
- 5 You can watch the video for areas of improvement.
- 6 You can also tap on  and AirDrop it to your friends or teacher or upload it to an online platform for sharing.
